Message: RE: Pipeline, Thank you for vetoing bill also being against off-NC-shore drilling. I hope special session/committee can be stopped from changing wording which would be terrible then NC would have no say if pipeline originates in a different state. Also thank you for respectful and cool head during latest current events, being against coddling Nazis and other hate groups in NC and Southern states, against stirring up racial divisions for political gain, being for fostering mutual respect and dialog among those with varied opinions about meaning and place of Confederate monuments.
